1. At the Executive Committee Meeting this morning the Director said that he wanted to conduct a poll among selected people who attended Project USEFUL to get their candid opinions as to just how useful the program was. (I asked Matt Baird to undertake this job.)

2. Jim Garrison, [REDACTED] briefed me on (a) the current status of the master plan for land usage at Langley, (b) the necessity to make plans now for approximately 175,000 square feet that will be required during Fiscal Years 1965 and 1966 to take care of personnel who will be displaced from the [REDACTED] and the temporary structures in West Potomac Park, and (c) the long-range requirement for building at Langley. I arranged to have this presentation made to Mr. Kirkpatrick at 1000 hours on Monday, 25 May.
